

EXPLOSIVE DEVICE OR BOMB THREAT GUIDE 10

- **If anyone suspects an item to be a bomb or explosive device, DO NOT use radio communication or cell phones in the vicinity of suspected bomb or explosive device.**
- **Do not in any way touch any item or device that is suspected to be a bomb or explosive.**
- **Leave the area immediately and call CDC 410-859-7040.**
- The caller must provide:
 - ✓ Name of caller and call back number
 - ✓ Description of the object and exact location
- Notify your supervisor.
- Follow the instructions of your supervisor or other authority who will initiate Emergency Evacuation Procedures.
- Secure/Lock Mailrooms & critical infrastructure rooms.
- Follow any further direction authorities on site might give.
- **Do not re-enter the building unless advised it is safe to do so by the Fire Department or Airport Police Department.**
