

**MARYLAND DEPARTMENT OF TRANSPORTATION  
MARYLAND AVIATION ADMINISTRATION**

MEMORANDUM

**TO:** Distribution

**FROM:** Benjamin Chin, Manager  
Division of Facilities Design 

**DATE:** July 18, 2008

**SUBJECT:** Design Standard (DST) 2008-06, Automated External Defibrillator (AED)

---

Effective immediately, all projects at Baltimore/Washington International Thurgood Marshall and Martin State Airports shall be designed and specified per the following:

Designer is required to add a note on the drawings to state:

“If an Automated External Defibrillator (AED) location is being affected by construction, the contractor shall call the Fire & Rescue Department (FRD) and have an Emergency Medical Services (EMS) lieutenant remove the AED and store it at the Fire Station. If the cabinet must be removed, it should then be taken by the contractor to the Fire Station until it can be re-installed. The person receiving the AED and cabinet shall issue a received property receipt to the contractor acknowledging that the AED and cabinet is in FRD possession. Both the cabinet and AED shall be stored and secured in the medical supply room at the Fire Station until it is re-installed.”

If the above specifications conflict with any other codes or regulations, or if you should have any questions, please contact the Manager, Division of Facilities Design at 410-859-7093.
