TITLE: PICKETING AND DEMONSTRATING

- A. Annotated Code of Maryland, Criminal Law, Section 6-409.
- B. Code of Maryland Regulations (COMAR) 11.03.01.08F, Picketing and Demonstrations.
- C. This Directive supersedes BWI Tenant Directive 602.1, dated June 18, 2008.

II. DIRECTIVE STATEMENT:

- A. The purpose of this Directive is to supplement the rules and regulations governing the procedures for Picketing and Demonstrating at Baltimore/Washington International Thurgood Marshall Airport (BWI Marshall). For purposes of this Directive, Picketing and Demonstrating means one or more persons marching or stationing themselves in an area in order to communicate their position on a political, charitable, or religious issue, or a labor dispute, by displaying one or more signs, posters or similar devices and includes rallies.
- B. Employees of tenants located within the passenger Terminal Building and employees of contractors working within the passenger Terminal Building may, subject to prior authorization by the Director, Office of Terminal and Landside Operations, BWI Marshall, be permitted to Picket and Demonstrate only as provided herein.
- C. Employees of tenants not located within the passenger Terminal Building or employees of contractors working on the Airport premises and not located within the passenger Terminal Building may, subject to prior authorization by the Director, Office of Terminal and Landside Operations, BWI Marshall, may be authorized to

Picket and Demonstrate in the vicinity of the actual job site. In no case, however, will such Picketing and Demonstrating be within an Airport security area. Security areas are defined as those areas contained by Airport security fencing and/or security areas controlled by the Airport or its tenants in accordance with Transportation Security Administration Regulation 1542.

III. PROCEDURES:

- A. BWI Marshall is not a public forum for First Amendment activities. Certain activities are incompatible with the transportation uses of BWI Marshall. Unfettered use of BWI Marshall to Picket and Demonstrate would prevent the intended use of the Airport as a transportation center and potentially endanger the health and safety of passengers, other patrons and employees using BWI Marshall. Moreover, such activities would impede and cause unreasonable hazards during the construction activities anticipated at BWI Marshall. The use of BWI Marshall for the purpose of exercising rights of free expression and communication to Picket and Demonstrate will not be permitted to restrict or impair the transportation function of BWI Marshall. Organizations who may request a permit at BWI Marshall to Picket and Demonstrate will be given consideration regarding their request on a case-by-case basis. Decisions on whether or not to grant any such request will be based, in part, on the availability of designated locations for such activities during the period of request, as well as other factors enunciated herein.

- B. The Maryland Aviation Administration (Administration) has determined that only certain designated areas of the Airport provide a reasonable opportunity for Picketing and Demonstrating while not preventing the use of the Airport for its intended purpose of providing safe, orderly, and efficient flow of pedestrian and vehicle traffic and air transportation. The Director, Office of Terminal and Landside Operations, BWI Marshall, maintains a chart designating those areas where Picketing and Demonstrating does not prevent the use of BWI Marshall for its intended purpose. In recognition of the importance of the right of the public to the exercise of free expression where it is not incompatible with the use of the Airport facilities for their intended purpose, the Director, Office of Terminal and Landside Operations, BWI Marshall, will strive to maintain a minimum of two (2) areas in the exterior of the non-Secured Areas of the Terminal for Picketing and Demonstrating. Where necessary to preserve the use of the Airport by the public for transportation purposes, the Director, Office of Terminal and Landside Operations, BWI Marshall, may reduce the number or size of or change the location of designated areas from time to time to take into account changes in pedestrian or vehicle flow, construction, alterations to the Terminal and their

surroundings, emergency conditions, or other unforeseen circumstances which may necessitate a change. Notwithstanding the above, the following areas do not provide a reasonable opportunity for Picketing and Demonstrating without preventing the use of the Airport for its intended purpose of providing a safe, orderly and efficient flow of pedestrian traffic and are areas where Picketing and Demonstrating is prohibited:

1. Air Operations Areas, Secured Areas and Sterile Areas;
2. Roadways and thoroughfares for vehicles;
3. Within 10 feet of any access point to any place of business of any tenant, lessee or permittee of the Administration;

Such written request shall be required in order that adequate precautions may be taken by the Director, Office of Terminal and Landside Operations, BWI Marshall, to protect the public health, security, safety and order to assure efficient and orderly use of Airport for its primary purpose and to assure equal opportunity for freedom of expression.
