BGE FEEDER AND SUBSTATION UPGRADES PHASE 1 SOUTH SUBSTATION T1 REPLACEMENT AND TRANSFORMER T2 OUTAGE

On November 10, 2021 between the hours of 12:01 a.m. and 4:00 a.m., maintenance is scheduled to perform Lock-Out/Tag-Out of the Tie Breaker in Building 192C and T2 breaker in Building 192C. This work is anticipated to be three hours in duration.

The outage should not affect any tenants. However, all tenants in the affected areas should take precautionary measures for a power outage during this time. In the event of a power outage, all life safety systems including fire protection and emergency lighting systems will operate as designed utilizing backup power.

If there should be an interruption to electrical services unexpectedly, please contact the Building Maintenance Supervisor's office at 410-859-7200.

Wednesday, November 10, 2021

12:01 a.m. through 4:00 a.m.

Equipment to be disconnected: Transformer T2 at South Substation
(No outages expected)

Affected areas: Central Utility Plant, Runway 15R Deicing Pump Station, Gate A, all levels of the Daily Garage, International Terminal Lower and Upper Levels, Concourse E loading bridges, and TSA international baggage screening (Concourse E)

The point of contact is Niqui Clark, Resident Engineer (Hill International) at 602-326-8880 (cell).
