## DX/DY HVAC UPGRADES AHU-12DY Replacement

---

In support of the Concourse DX/DY HVAC Upgrades program, Air Handler Unit AHU-12DY replacement is scheduled to occur nightly starting Monday, November 7 and is scheduled to be completed on Friday, November 11, 2022. Work will begin nightly at approximately 11:01 p.m. lasting until approximately 4:00 a.m. the following morning. The total duration of the work is approximately four nights.

During this time, a majority of the upper and lower levels of Concourse DY will be impacted. Access to the impacted areas of the Concourse will be prohibited in order to perform the work safely. The following specific areas/tenants are anticipated to be impacted:

- Lower level spaces for Delta Airlines, Alaska Airlines, and Allegiant Airlines
- Delta operations center
- Existing RTU-6 served from Concourse D Chiller Plant (to be demolished)
- Gate D29 closed to RON Operations
- Concourse DY hold rooms (Gates D26 & D29) and central circulating spaces closed to public and employees

If the work for replacing AHU-12DY scheduled for November 7 is unable to occur, this event will be rescheduled to occur on the alternate date of Monday, November 14 through Friday, November 18, 2022 between the hours of 11:01 p.m. to 4:00 a.m. nightly (for a total duration of approximately four nights).

Work is being coordinated with affected tenants and Maryland Aviation Administration offices.
