## **DX/DY HVAC UPGRADES AHU-10DY Replacement**

---

In support of the Concourse DX/DY HVAC Upgrades program, Air Handler Unit AHU-10DY replacement is scheduled to occur nightly starting Monday, November 28, beginning at approximately 9:01 p.m. lasting until approximately 4:00 a.m. the following morning. Work is scheduled to be completed on Thursday, December 8, 2022. The total duration of the work is approximately eight nights.

During this time, a majority of the upper and lower levels of Concourse DY will be impacted. The following specific areas/tenants are anticipated to be impacted:

- Lower level spaces for Delta Airlines, Alaska Airlines, and Allegiant Airlines
- Delta operations center
- Existing RTU-4 and RTU-8 served from Concourse D Chiller Plant (both to be demolished)
- Gate D23 closed to RON Operations
- Concourse DY holdrooms (Gates D22 and D23) and central circulating spaces closed to public and employees

If the work for replacing AHU-10DY scheduled for November 28 is unable to occur, this event will be rescheduled to occur on the alternate date of Tuesday, November 29 between the hours of 9:01 p.m. to 4:00 a.m. nightly (for a total duration of approximately eight nights).

Work is being coordinated with affected tenants and Maryland Aviation Administration offices.

If there should be an interruption to electrical or HVAC services unexpectedly outside of the noted dates and times, please contact the Building Maintenance Supervisor's office at 410-859-7200.

The point of contact is Niqui Clark, Resident Engineer (Hill International) at 602-326-8880 (cell).
